

CHILDCARE@HOME ABERDEENSHIRE

Childcare@home in Aberdeenshire has been delivering childcare to families across Aberdeenshire for over nine years in a variety settings including home care.

We are currently looking into the possibility of operating an OOSC in Portlethen Primary and would like to ask parents who are interested to come along to Portlethen Community Centre on Thursday 26th June at 7.00pm to discuss this in more detail.

Aberdeenshire Council's Childcare Strategy Team did a survey recently and there appeared to be a demand for this extra provision to support families who work in the area. The OOSC would have to be sustainable and therefore the sessions would have to be on a full cost recovery.

Sessions would have to be busy to make the group sustainable as low numbers are too costly to operate. We would aim to provide a high quality service with a variety of activities for the children and would also take into account children's choices.

We are hoping to see as many parents as possible at the meeting as it is an opportunity to have a discussion and look to the future. If you are unable to attend the meeting you can contact me on the number below and we can have a discussion about OOSC
